Notice of Intent for Waiver of General Permit for Discharges from Small Municipal Separate Storm Sewer Systems (MS4's)

Part I. General Information

1. Name of Municipality: ELK GROVE TOWNSHIP MS4 #: ILR400048
 Population (based on 2010 census): 0
2. MS4 Mailing Address: 600 LANDMEIER ROAD City: ELK GROVE VILLAGE, IL Zip: 60007
3. Primary MS4 Contact Person (Authorized Representative for MS4 Permit)
 Name: Paul Pioch Title: Township Administrator
 Phone: 847-437-0300 Email Address: ppioch@elkgrovetownship.com

Part II. MS4 Data

4. Latitude and Longitude at approximate geographical center of MS4 for which you are requesting authorization to discharge:
 Latitude: 42 00 54 Longitude: 87 58 41
 Degrees Minutes Seconds Degrees Minutes Seconds
5. Community Type: Township Other: Highway Department is road right-of-way only
6. Name(s) of governmental entity(ies) in which MS4 is located:
- | City/Village | Township | County |
|--------------|--------------------|--------|
| | ELK GROVE TOWNSHIP | COOK |
7. Area of land within your MS4 in square miles: 0.05625
8. Percent of MS4 served by combined sewer: 0 Percent of MS4 served by separate sewer: 100

Impaired Waters

The most recent 303(d) list may be found at <https://www2.illinois.gov/epa/topics/water-quality/watershed-management/tmdls/Pages/303d-list.aspx>. Information regarding TMDLs may be found at <https://www2.illinois.gov/epa/topics/water-quality/watershed-management/tmdls/Pages/default.aspx>.

Name(s) of known receiving waters (in and within 3 miles of MS4 area)	Impairment listed on 303d List or TMDL?
Salt Creek	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
Higgins Creek	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No

9a. If impaired, which potential causes and source?

Causes: See 303d list Source: _____

9b. Are the receiving waterbodies included in an approved TMDL or alternate water quality management plan? Yes No

If yes, what measures to comply with the TMDL waste load allocation (WLA) are being implemented or are planned?

AUID GL-10; AUID GOA-01; AUID GOA-02

9c. Is the MS4 community included in the chloride variance? Yes No

Part III. Criteria

The items listed below explain the criteria that must be met in order to be considered:

- a. If your community serves a population of less than 1,000 the following criteria must be met:
 - i. The MS4 system is not contributing substantially to the pollutant loadings of a physically interconnected MS4 that is regulated by the NPDES storm water program.
 - ii. If the MS4 system, requesting a waiver, discharges any pollutant(s) that have been identified as a cause of impairment of any water body to which you discharge and it has been determined that storm water controls are not needed based on waste load allocations that are part of an EPA approved or established "total maximum daily load" (TMDL) that addresses the pollutant(s) of concern.
- b. If your community serves a population greater than 1,000 but less than 10,000 the following criteria must be met:
 - i. The permitting agency has evaluated all waters of the U.S., including small streams, tributaries, lakes, and ponds, that receive a discharge from your MS4.
 - ii. It has been determined that storm water controls are not needed based on waste load allocations that are part of an EPA approved or established TMDL that addresses the pollutant(s) of concern or, if a TMDL has not been developed or approved, an equivalent analysis that determines sources and allocations for the pollutant(s) of concern:
 - iii. The pollutant(s) of concern include biochemical oxygen demand (BOD), sediment or a parameter that addresses sediment (such as total suspended solids, turbidity, or siltation), pathogens, oil and grease, and any pollutant that has been identified as a cause of impairment of any water body that will receive a discharge from the MS4.
 - iv. The IEPA has determined that future discharges from the MS4 do not have the potential to result in exceedances of water quality standards, including impairment of designated uses, or other significant water quality impacts, including habitat and biological impacts.

10. Please document either in the space below or with attached information how the MS4 meets the specified criteria (with the exception of b(iv) for communities greater than 1,000 but less than 10,000).

Elk Grove Township Highway Department maintains the roads in the unincorporated areas of the Township. In this capacity the Township Highway Department has no jurisdiction over the properties adjacent to the Township right-of-way. All jurisdiction falls to Cook County. Therefore, Elk Grove Township Highway Department has no population. The adjacent properties in unincorporated Cook County are single family residential properties and commercial properties. Elk Grove Township Highway Department right-of-way is generally rural cross section with ditches and small diameter storm sewer. Discharge is to adjacent municipalities, Cook County, or IDOT stormwater systems.

Part IV. Certification

I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gathered and evaluated the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for knowingly submitting false information, including the possibility of fines and imprisonment.

Any person who knowingly makes a false, fictitious, or fraudulent material statement, orally or in writing, to the Illinois EPA commits a Class 4 felony. A second or subsequent offense after conviction is a Class 3 felony (415 ILCS 5/44 (h)).
