VIII. Old Business:

A. Town Hall Mural Proposal. Discussed but not acted upon.

B. Township Building. Supervisor Sweeney provide the Board with his thoughts on the direction that the Township could take regarding township buildings and property. School District 59 voted to build on their property in Elk Grove Township rather than on their property on Arlington Heights Road in the Village of Arlington Heights. Supervisor Sweeney had been interested in buying the existing District 59 building if the District built a new facility on the connected property and a "government campus" could be created. Since a "campus" is no longer feasible and the Village has expressed a strong interest in developing the property, Supervisor Sweeney believes the Township should no longer consider purchase of the District 59 building. However, he believes the discussion surrounding the potential acquisition of the District 59 building has opened the door for a more in depth analysis of what the Township could or should do with its properties going forward. The current township building is old and in need of major repairs. The Township Youth Services building is next to a major new commercial development and the developer has expressed interest in buying the township property. The Day Care Center in Elk Grove is an older building and in a prime residential location. Supervisor Sweeney and Administrator Pioch have met with several commercial real estate brokers to gather information and consider options. Options include the repair and upgrading of current facilities or the sale of property and the purchase, building or lease of new facilities. With a changing Township governmental focus and role these later options may prove cost efficient and beneficial. Supervisor Sweeney suggested that a commercial real estate broker be invited to attend a Township Board meeting to discuss ideas an options with the full Board. The Board agreed and Supervisor Sweeney will arrange for a commercial real estate broker to attend one of the next regular board meetings.

IX. Approval of Payroll and Bills: A motion to approve the payment of bills as presented was made by Trustee Niewiardowski and seconded by Trustee Satern. The motion was passed on a 4-0 roll call vote.

A motion was made by Trustee Satern and seconded by Trustee Koshaba approving the payment of the additional cost. The motion was passed on a 4-0 roll call vote.

B. Summer Intern. Supervisor Sweeney reported that Northern Illinois University approached him about the Township hiring a student intern for the summer. The University would propose a candidate for the position and the Township would have final selection approval. Trustee Sweeney believes this program would be beneficial for both the University, Township and student and recommended Board approval of a one year test program. He proposed that one intern be hired for 35 hours a week for nine weeks at a salary of \$10/hour. The intern would report to Administrator Pioch. Supervisor Sweeney asked for final authority in selecting the intern. After discussion, Trustee Koshaba made a motion approving the hiring of one student intern from NIU for the summer of 2016 for the length of time and salary recommended by Supervisor Sweeney. The motion was seconded by

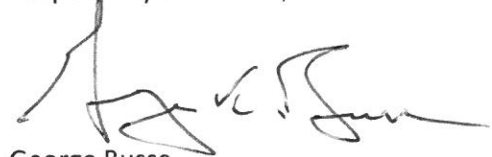

- Trustee Satern and was passed on a 4-0 roll call vote. A second motion was made by Trustee Koshaba and seconded by Trustee Satern to give Supervisor Sweeney the authority to make the 2016 intern selection. The motion carried on a voice vote
- C. Township Bus Rider Parameter Change. Supervisor Sweeney submitted a written recommendation to change the parameters for Township Bus ridership. Currently the Township Bus Service program provides rides to Seniors 55 years of age or older. Supervisor Sweeney suggested that there is a significant population of permanently and temporarily disabled residents under the age of 55 who are currently excluded from utilizing the Township Buses and who would benefit immensely from participation in the program. He is recommending permanent and temporarily disabled Township residents 18 years of age or older who have completed the standard Township Bus Service application and have a Township disability verification form signed by their doctor be permitted to participate in the Township Bus Service program. A motion was made by Trustee Koshaba and seconded by Trustee Satern to change the parameters for the Township Bus Service as recommended by Supervisor Sweeney. The motion was passed on a 4-0 roll call vote.
